CONNECTING LINK NEARLY READY

Auto Trip From Copper to Iron Country Now Possible

Progress made on roads in Covington and L'Anse townships of Baraga county during the past few weeks, the connecting link of the main highway between the copper country, the iron country and the outside world, has been of such a nature that the trip from the copper country to the iron country can now be made for the first time, in any car of reasonable power. In dry weather the road is always passable, but through the district which is heavily timbered, the road does not dry out as quickly and some trouble might be experienced after heavy rains.

Covington township is finishing the construction of its portion of the road to the L'Anse township line, a stretch of about three miles. It will be one of the best dirt roads in the upper peninsula.

The new road through L'Anse township, about six miles long, passes through the woods, and is rough. It will not be in good condition until travel is spread on it.

The road between Nestoria and Three Lakes is in excellent condition, but there is a stretch of two miles between Three Lakes and Michigamme that needs attention.

Covington township last spring voted to issue bonds for \$20,000 to be used for road work. The work was started early in the spring. The greater part of this sum has been spent on the main highway. The farmers in that section are enthusiastic over the road work movement and it is almost certain that the work will not end with the completion of the main road. As soon as the hay crop is harvested the farmers in Covington township are going to get together and improve the road in the western end.

By next summer the road for the entire distance from the copper country to Marquette county will be in good condition and that car owners in either district will be able to make the run easily.

SPECIAL TRAIN ANNOUNCED.

The South Shore road announced today that a special train from Calumet to Ishpeming will leave Calumet at 8:15 next Saturday morning for the convenience of Calumet members who desire to attend the Sons of St. George reunion. A special fare of \$3 for the round trip will be provided on this excursion, although not on other trains through the day. Tickets will be good for return, leaving Ishpeming as late as midnight, Sunday.

Excursion tickets to the Sons of St. George convention will be sold July 15, 16 and 17, fare for round trip, \$2.50 and good for return until Monday, July 20, inclusive.

STUMPAGE IS VALUABLE.

A new use has been found for the pine stumps on the cut over lands of the upper peninsula. Anton Then, a Chicago florist, after a visit here during which experiments were made, declared that the decayed wood and earth adjacent to the stumps forms an ideal plant food, especially for ferns, etc., and supplemented his opinion with an order for sixty sacks which were secured by an Ojibwa resident and shipped to him last week.

ISLE ROYALE IN MIRAGE.

Residents of Eagle River and other points along the lake shore, report the unusual phenomena of a mirage, which could be plainly seen for half an hour one evening last week and which revealed in the sky a reflection of Isle Royale, more than fifty miles away. The image was so perfect that inland lakes, bay, cleared fields and elevations could be plainly distinguished.

PRETTY HOME MARRIAGE SOLEMNIZED IN CALUMET

MISS BERTHA E. SINCOCK BECOMES BRIDE OF JOHN A. MACDONALD.

The home of Mr. and Mrs. William Sincock on Third street, Blue Jacket, was the scene of a very pretty marriage at 8 o'clock last evening when their daughter, Miss Bertha E. Sincock and John A. MacDonald of Quincy were united. Rev. W. H. Collycott, pastor of the Red Jacket Congregational church officiated, the ceremony being witnessed by a large number of friends and relatives of the bride and groom. Mrs. MacDonald was formerly operator at the public school phone exchange.

The Sincock home was very prettily decorated for the occasion, the color scheme being yellow and white, carried out in cut flowers and asparagus ferns.

There were no attendants. The bride was becomingly attired in a gown of embroidered voile, trimmed with point lace and with a corsage bouquet of white rose buds and asparagus fern. Mendelssohn's wedding march was played by Miss Ruth Sincock, a sister of the bride. The bride was given away by her father.

Mr. and Mrs. MacDonald left last evening for a honeymoon trip to Detroit, Buffalo and Niagara Falls. They will be gone about three weeks and on their return will make their home in Hancock.

ENGINEERS ON RIFLE RANGE

School of Instruction Next Tuesday and Wednesday

Members of the Calumet Engineers are manifesting great interest in the school of instruction for small arms practice to be conducted on the Tamarack rifle range next Tuesday and Wednesday by Capt. Percy Patterson of the Soo, Capt. Jesse D. Meads of Calumet, and Lieut. Thomas Smith of Houghton. About sixty members of the company will assemble at the Armory Monday evening and march to the range to bivouac for two nights and two days. Shooting will commence early Tuesday morning and continue for about ten hours each day. The Engineers will wear olive drab cotton uniforms and each member of the company will march with a heavy blanket roll. Shelter tents will be established on the range.

Members who have had experience in previous shoots will endeavor to better their ratings in this shoot and new men will endeavor to attain the first rating, which brings with it an increase of drill pay.

All members of the local company who intend to go to camp at Grayling August 3 to 13, are requested to advise Capt. Meads to this effect before next Thursday evening, so that arrangements may be made accordingly. As the Calumet company had no camping experience last year, it is expected the entire command of approximately 100 men will make the trip, giving Calumet the honor of sending the largest company that ever attended a state camp.
